

**Long
Term Plan**

In year 7 we look to understand the roots of Britain today, to observe and explain the development of society both on a local and a British level, with a particular focus on the growth of Parliamentary democracy. We will focus on not only English history, but British History as a whole, taking in-depth looks at the impact of major events on Nottinghamshire, and observing parallel histories taking place around the world.

Year 7: History

Learning Cycle	Key Concepts and Themes	Vocabulary

Skill Development	<ul style="list-style-type: none"> To identify and explain causes and consequences of historic events. To explain where history saw major changes, and identify where there has been continuity across time. To understand the links between Britain and the wider world. To develop the use of sources to support greater understanding of historical periods. To compare and contrast interpretations of historical events to understand how individuals can change the narrative. To determine significance of events on the wider context at the time, and on the longer-term consequences.
